

Application No. 10/731,406
Amendment Dated December 2, 2004
Reply to Office Action of September 2, 2004

Amendments to the Specification:

Please replace paragraph [0031] with the following amended paragraph:

[0031] A centerline ~~61~~ 62 on the third leg 61 of the bracket 11, as shown in FIGS. 6 and 9, facilitates securing the bracket to the support. The centerline 62 is adjacent the second edge 38 of the cut-out 32. The portion 36 of the cut-out opening 35 in the third leg 61 of the bracket 11 allows an installer to see corresponding marked indicia 14 on the support. The installer may then align the centerline 61 on the bracket 11 with the support indicia 14 to properly position the bracket on the support.
